Recycling

Please do not contaminate the recycling bins with non-recyclables!

Please do not bag recyclables, particularly with opaque bags – the automated monitoring systems on the trucks read these as contamination & the marina gets fined. “Wishful Recycling” tends to do more harm than good when we toss items that we wish would be recycled into the bins we risk contaminating the entire load which may just end up in the landfill instead.

- Please place only recyclable items in the recycling dumpsters. All other trash goes in the other bins.
- Please close the dumpster lids when you are finished. Open lids allows trash to spread!
- Please Do Not block the dumpsters with dock carts or debris. Blocked dumpsters don't get picked up and end up overflowing.
- Please take all hazardous waste items such as chemicals, batteries or electronics to the Household Hazardous Waste Facility.

To find out more about proper disposal of items, go to:

Dinghy or Kayak Storage

Storage on the docks is not permitted BUT dinghies and kayaks may be stored in the front of your slip IF there is sufficient room AND the dinghy or kayak does not extend over the concrete of the dock! Any questions? Please contact the office!

Celebrate Summer Sailstice June 22

Empty the marina of all boats! Go sailing June 24! If you're not using your boat, you're not maximizing your fun!

Celebrate Summer Sailstice with sailors worldwide on the weekend of June 22 – the longest sailing weekend days of the year. To participate, simply sign up at www.summersailstice.com and then go sailing.

The boat used as the S.S. Minnow in Gilligan's Isle was a 1964 Wheeler with a cruising speed of 12 knots- which means they couldn't have traveled more than 41.5 miles. Now I'm starting to doubt if the show was even real.
